Hello Joe:

Below are DMR pre-prints for American Samoa Facility: AS0000019 (StarKist) and AS0000027 (COS). Should you have any questions, please call me directly via email or by phone at 415-972-3502.

I'd also like to take this opportunity to inform you of the new electronic Discharge Monitoring Report (DMR) reporting tool, NetDMR. We believe that it will definitely improve data quality and reporting efforts for both states and EPA. Please take a moment to look over the attached

brochure that provides a general overview of NetDMR as well as visiting the NetDMR website for additional information [www.epa.gov/netdmr](http://www.epa.gov/netdmr).

Additional information regarding NetDMR will be forwarded under separate email.

Joe,

After checking my email before calling Liliana, yes, I do, and here they are. Liliana sent them to COS and me...must have slipped her mind to not send it to StarKist email.
